

WP	D no.	Title	Lead partner	Nature	Level CO = confidential; RE = restricted; PU = Public	Due date	Due month (1-48)
6	1	Report on risk norms and the applicable CO2 concentration uncertainty quantification methodology	TNO	Report	RE	Nov 2012	12
6	2	Report on the elicitation of information using modern theories for describing epistemic uncertainty	BRGM	Report	RE	Nov 2012	12
6	3	Representation of the spatial variability of geophysical parameters for uncertainty assessment	BRGM	Report	RE	Nov 2013	24
6	4	Surrogate models and adaptation of uncertainty propagation methods to epistemic uncertainty	PHIMECA	Report	RE	Nov 2013	24
6	5	Report on uncertainty assessment on the upscaling schemes and on the effects of the fault models	PHIMECA	Report	RE	Aug 2015	45
6	6	Report on uncertainty assessment of the trapping mechanisms at the reservoir scale	PHIMECA	Report	RE	Jan 2015	38
6	7	Report on uncertainty assessment of caprock/overburden CO2 leakage	PHIMECA	Report	RE	March 2015	40
6	8	Report on uncertainty assessment for near-well CO2 leakage	PHIMECA	Report	RE	May 2015	42
